Organic Essential Oils - Pure from the Source!

Founded in 1982, Aura Cacia's original owners discovered the power of essential oils in their cabin in the woods of Weaverville, California. They took their passion for essential oils and started educating others on the effectiveness of these all-natural gifts from nature. The more people learned, the more they demanded products made with the essential oils. The company continued to grow, and in 1993 Frontier Natural Products COOP purchased Aura Cacia. We've been a COOP ever since!

Aura Cacia is now located in Urbana, Iowa. We continue to hold true to our roots and the meaning of our name - the house from which the light of truth shines. Truth in quality, truth in labeling, truth in the way we conduct business, and truth in respect for the environment, our growers around the world and their communities. By supporting Aura Cacia, you are directly impacting our growers - we thank you on their behalf!

1% of Aura Cacia organic essential oil sales will be given back to the farmers and communities that produce our organic essential oils.
